Chipsy IT Services Pvt. Ltd.| Mar 2024 – Aug 2024

- Developed a complete web-based driving class booking application using Node.js, AngularJS, Express.js, and MongoDB.
- Designed backend APIs and handled database schema creation and CRUD operations.
- Implemented frontend components and integrated them with backend services.
- Managed authentication logic and booking workflow functionalities.
- Participated in testing, debugging, and deployment processes.
- Gained hands-on experience in full Software Development Life Cycle (SDLC).

## EDUCATION

**M.Sc. Computer Science**
MGM College, Udupi | 2022 – 2024
CGPA: 8.42

**B.Sc. (Mathematics, Statistics, Computer Science)**
MGM College, Udupi | 2019 – 2022
CGPA: 7.91

---

## TECHNICAL SKILLS

**Enterprise Applications & Support**

- SAP Business One (SAPB1) – Functional Knowledge
- POS System Flow & Integration Testing
- Application Support & Troubleshooting
- System Testing & UAT
- Microsoft Excel

**Databases**

- Oracle Database
- SQL (Queries, Data Validation, Reporting)
- SOQL

**Web Technologies**

- Node.js
- AngularJS
- Express.js
- HTML, CSS, JavaScript

---

## PROJECTS

**Enterprise Application & POS Integration Implementation**
Supported SAP B1 implementation and POS integration, including configuration, integration testing, data validation, and UAT activities to ensure smooth system synchronization.

**DriveEase – Driving Class Booking Website**
Developed a full-stack web application using Node.js, Angular, Express.js, and MongoDB for booking and managing driving sessions with authentication and admin features.

**Plant Watering System using IoT**
Built an automated plant watering system using IoT sensors and microcontrollers for real-time soil monitoring and controlled irrigation.

---

## KEY COMPETENCIES

- Application Support
- ERP & POS Integration Understanding
- Full-Stack Development (Entry Level)
- SQL & Database Handling
- Troubleshooting & Issue Resolution
- User Training & Communication
- Quick Learner & Team Collaboration
- User Support & Ticket Resolution

---
